PROCEEDS BENEFIT THE EXPANSION OF THE
SUTTER REHABILITATION INSTITUTE

Proceeds benefit the expansion of the
SUTTER REHABILITATION INSTITUTE,
 Sutter Roseville Medical Center

The Sutter Rehabilitation Institute at Sutter Roseville Medical Center is a regional inpatient acute rehabilitation center designed for patients who have been disabled by illness or injury. This 105,000-square-foot facility houses a general rehabilitation unit, specialized brain injury and spinal cord injury units, an inpatient gym, an outdoor recreation area and a recreation lounge.

Physicians and therapists provide clinical expertise to treat orthopedic and trauma injuries, brain and spinal cord injuries and stroke and neurological conditions. The goal is to maximize the abilities of the patient to achieve his or her greatest functional independence and foster a healthy reintegration into the community.

The Institute serves patients across Northern California and as far away as Oregon and Nevada.
